

# CAWNY's breakfast and lunch program

- **Does CAWNY receive any Federal or State government funds to help fund the breakfast and lunch program?**
  - No, CAWNY does not receive government funds for its breakfast and lunch program.
- **How can I determine which payment option is right for my family?**
  - If your child eats breakfast or lunch at school every school day, the monthly plan is probably best for you. (Remember, payment plans coincide with your monthly tuition.)
  - If your child eats breakfast or lunch at school occasionally, then a credit account is probably your best option.
  - If your child rarely eats meals at school, then the cash-only option would probably suit your family best.
- **What if my child forgets to bring breakfast/and or lunch?**
  - CAWNY will automatically open a credit account for a student if they order a meal and did not bring money. A monthly invoice will be emailed to you.
- **Are the same options offered every day?**
  - The “bagged lunch meals” are offered every day. The hot meals will vary each day of the week.
- **What if we want to pay monthly for lunches, but cash-only for breakfast? Can we do that?**
  - Absolutely!
